

Pembroke Regional Hospital

MEMO

To: All Staff & Physicians
From: Occupational Health & Safety/Plant Services Department
Date: February 26, 2024
Subject: Bike Storage/Cafeteria Deck Ramp

Please be advised that the ramp outside the bike storage area needs some structural and grading repairs. As such, and effective today, this ramp is not to be used until repairs can be made to this area in the spring. For staff riding their bike in and needing a place to park, kindly use the air ambulance door and park your bike in the corridor towards the boiler room door.

All other staff who were using the bike storage entrance as an access/exit door to the building, kindly use an alternate entrance.

We thank you for your cooperation.
