Subject: Outbreak Over – Inpatient Rehab

In consultation with the Renfrew County District Health Unit, the COVID-19 outbreak on the Inpatient Rehab unit has been declared over. All outbreak management strategies for the unit are now lifted. We thank everyone for their teamwork and collaboration as we navigated this outbreak.

At PRH, we continue to see more patients admitted to the hospital with COVID-19 and other respiratory infections, and these illnesses will continue circulating within our community. Please remain vigilant with infection control practices to help reduce the spread of respiratory infections and keep our staff and patients safe.
